

RoHS and REACH Compliance Declaration (June 2013)

Dear valued ETI Systems customer,

ETI Systems is dedicated to serving you by providing high quality high precision potentiometer, dial, joystick and valve actuator solutions that meet environmental regulations, including RoHS (Restriction of Hazardous Substances) Directive, EU Directive 2002/95/EC, and REACH (Registration, Authorisation and Restriction of Chemicals, European Union Regulation (EC) 1907/2006). We are providing you the following information to assist you in meeting your environmental policies and procedures.

Unless stated specifically, the parts that ETI Systems supplies to you contain hazardous materials below the threshold in RoHS and REACH legislations. Where hazardous material concentrations are above RoHS and REACH thresholds, you would be advised. The environmental regulations change constantly. We will try our best to keep abreast of changes that affect ETI Systems products by periodically updating this letter. Please refer to the most current version of this letter on www.etisystems.com.

RoHS Compliance

ETI Systems has been providing **RoHS** compliant parts since 2006.

(EU Directive 2002/95/EC and subsequent amendments) are not contained in a finished product above threshold limits stated below unless the restrictive substance is subject of an exemption contained in the RoHS Directive. ETI Systems cannot guarantee that inventory held by distributors or other third parties is RoHS compliant.

Restricted Substance

Maximum Threshold Limit

Cadmium and its compounds	100 ppm (0.01 weight %)
Mercury and its compounds	1000 ppm (0.1 weight %)
Hexavalent chromium and its compounds	1000 ppm (0.1 weight %)
Lead and its compounds	1000 ppm (0.1 weight %)
Polybrominated biphenyls (PBB)	1000 ppm (0.1 weight %)
Polybrominated diphenyl ethers (PBDE)	1000 ppm (0.1 weight %)
Decabromine diphenyl ether (DECA BDE)	1000 ppm (0.1 weight %)

Potentiometers • Counting Dials • Joysticks • Valve Actuators

REGULATION (EC) No 1907/2006 CONCERNING THE REGISTRATION, EVALUATION, AUTHORISATION AND RESTRICTION OF CHEMICALS (REACH)

As of the date of this communication, according to ECHA communications, there are currently 144 substances on the REACH Candidate List. The Candidate List was last updated on 20.6.2013

ETI Systems, Inc. confirms to its customers that to our knowledge none of its products or packaging contain any of the 144 Substances of Very High Concern (SVHC) on the REACH Candidate List, ,
http://echa.europa.eu/chem_data/candidate_list_table_en.asp in a concentration above the 0.1% by weight allowable limit.

On 17.1.2013 , the European Chemical Agency recommended a further group of 10 substances from the Candidate List for inclusion into Annex XIV of REACH (the "Authorization list"). Information on the ECHA Annex XIV recommendations can be found at:
<http://echa.europa.eu/addressing-chemicals-of-concern/authorisation/recommendation-for-inclusion-in-the-authorisation-list>
<http://echa.europa.eu/addressing>

ETI Systems does not intentionally formulate with product(s) containing any substances of concern on the Candidate list above the reporting threshold. ETI is currently unaware of any potential sources of introduction of any substances of concern through its manufacturing and packaging processes.

This information is provided in good faith and is believed true and accurate as of the date of this letter based on current information provided by ETI Systems vendors. However, no warranty with regard to the information contained herein is expressed or implied. ETI Systems disclaims any and all liability arising from or in connection with information provided in this letter.
